An investment in Africa's future has been made  
in your name to begin developing Uganda's  
upcoming leaders!

One of the biggest challenges across Africa is corruption  
among leaders—both at the national and local levels.  
Because we understand hope for Africa lies in the future  
generation of leaders, ROWAN is sending our orphans to a  
leadership program hosted by Teen Mission Uganda. This one-  
month program teaches valuable leadership skills through biblical  
leadership training, volunteer work and evangelism outreach.
