A gift of hope and nutritious meals for orphans and widows in Uganda has been given in your honor!

The average person living in rural Uganda eats only one basic meal a day. ROWAN is providing two nutritious meals every Saturday and on holidays for our orphans, widows and widowers. Cooking for such a crowd requires oversized communal pots and pans. To meet this need, we are supplying specially designed pots and pans that can last up to 10 years! A gift of nutrition and strength to ROWAN members has been given in your name through the donation of a pot and/or pan.
